Mounting Accessories for Electronic Devices MA

Code	View	Description	Mounting	Application
MAC1		metal clamp for DIN-rail mounting	clamp	for all in-head transmitters; for devices in 40x73x26 mm box
MAC2		set of 2 plastic clamps for DIN-rail mounting	clamp	for devices in 80x80x60 mm box (BLP200-Y, BTC38-Y, BTT795, BFS200, etc.)
MAC3		plastic clamp for DIN-rail mounting with metal holder	clamp	for all in-head transmitters; for devices in 40x73x26 mm box for devices in 50x45x32 mm box
MAC4		plastic clamp for DIN-rail mounting	clamp	for devices in 40x73x26 mm box / for all in-head transmitters
MAA1		set of 4 stainless steel threaded bushes with nuts	female thread M6	for axial mounting of devices in 65x65x40 mm or 80x80x60 mm box (BLP200-Y, BTC38-Y, BFS200, BRHW, etc.)
MAR1		stainless steel threaded nipple with nut	male thread M12; female thread M8	for radial mounting of devices in 65x65x40 mm or 80x80x60 mm box (BLP200-Y, BTC38-Y, BFS200, BRHW, etc.)
MAB1		8-pin socket base (OCTAL) for DIN-rail mounting	clamp	for devices in 48x48 mm front-sized case ('S')
MAB2		11-pin socket base (UNDECAL) for DIN-rail mounting	clamp	for devices in 48x48 mm front-sized case ('S') and devices in other 11-pin boxes (TRZ, RT38-R, TI08-R, etc.)
MAB3		8-pin socket base (OCTAL) for DIN-rail mounting, EN50022	clamp	for devices in 48x48 mm front-sized case ('S')
MAB4		11-pin socket base (UNDECAL) for DIN-rail mounting, EN50022; Lloyd's Register Approval	clamp	for devices in 48x48 mm front-sized case ('S') and devices in other 11-pin boxes (BUSC7801, BDTA7838)
